EVENT OVERVIEW

We'll have cocktails and hors d'oeuvres as we reconnect with old and new friends from across our communities and citywide.

Our purpose is to celebrate the contributions of so many to our work over the years and lift a glass to our accomplishments and goals for the next 50!

Our small business, community development senior housing and other work touches more than 150,000 residents on the Southwest Side and we directly serve 20,000 people per year. Your support will ensure the work goes forward on a strong foundation and raise awareness across the Greater Southwest communities we serve.
